Empowering young people to be fearless against crime

fearless .org

What is Fearless?

Fearless is the youth service from the independent charity Crimestoppers. Aimed at young people, our website provides non-judgemental information and advice about crime.

Give information

Young people can give information about crime 100% anonymously via a secure online form on the website. It empowers them to take a safe stand against crime.

Work with young people?

Teacher, youth worker, school nurse, parent? Fearless can provide you with FREE resources on a wide range of crime types via the 'not a young person' section of the website.
