

Benchmark 1: A stable careers programme

- The Woodlands Academy Policy and Information, Advice and Guidance Programme has been developed by the designated Careers Leader. It is listed on the school website, has been approved by governors and accessible to all stakeholders and external providers.
- Woodlands Academy has been working in partnership with the Careers and Enterprise Company and Careers Hub.
- All providers, including representatives from technical education, apprenticeships, employers, further education and higher education organisations have the opportunity to speak with students.
- Feedback is gathered after events from students, providers and parents via questionnaires. Improvements are made to the programme and events based on feedback.
