The Woodlands Academy

Pupil premium spending 2019-20

SUMMARY INFORMATION						
Type of special educational needs and ASC/ MLD/SLCN/SLD/SEMH disability		Date of most recent pupil premium review:	October 2019			
		Date of next review:	October 2020			
Total number of pupils:	99	Total pupil premium budget:	£63,440			
Number of pupils eligible for pupil premium:	47	Amount of pupil premium received per child:	£1,350			

The Pupil Premium 2019-20 priorities ensure the best support is in place for maximizing progress for our most vulnerable learners in addition to our core offer. Woodlands Academy strives to ensure that the gap being narrowed is supporting learners in meeting their individual aspirational outcomes identified in the Education Health Care Plans for each pupil.

Aspirational targets are identified in each pupils' Personalised Learning Intention Map which work towards narrowing gaps in the following areas:

- Literacy Skills
- Numeracy Skills
- Social and Emotional Development
- Sensory / Physical
- Independence Skills
- SCERTS (for some)

The Pupil Premium Funding will be used accordingly for different cohorts depending on the individual's needs and priorities.

The assessment data shows that a significant percentage of pupils who receive pupil premium made expected or above expected progress in both English and Maths. The percentage of pupils making expected or above expected progress compared to last academic year has decreased which fits with our more robust target setting process as we are setting more challenging targets throughout our 'formal' group of learners. Additionally in 2018/19 Woodlands Academy worked with the Local Authority to place a number of SEMH pupils who were either accessing part time education or not in education at all. These pupils have all attended school on a full time basis and made progress in some areas of the curriculum however our main focus has been supporting those pupils' to develop strategies to overcome their barriers to learning and develop their ability to become active independent learners.

Barriers to learning

BARRIER	BARRIERS TO FUTURE ATTAINMENT				
Academic	c barriers:				
А	All pupils have an Education Health Care Plan. An increasing number of pupils have SEMH as a primary or secondary need.				
В	Communication needs; non-verbal pupils/ some with limited language and others with social communication difficulties.				
С	Low self-esteem and lack of resilience for many pupils.				
D	Difficulties regulating behaviour for some pupils including social, emotional needs and sensory integration difficulties, which can have an impact on their ability and readiness to learn.				

ADDIT	IONAL BARRIERS
Extern	al barriers:
D	Attendance for some pupils which has an impact on progress.
Е	Lack of enrichment activities for some children and young people outside of school.

INTEND	INTENDED OUTCOMES						
Specific of	outcomes	Success criteria					
A	Pupils will use a range of strategies to manage their behaviour and self- regulate to allow for an optimal level of arousal being ready to learn.	 Pupils with 3 or more significant behaviour related incidents will reduce by 25% over the academic year; to include a reduction in Restrictive Physical Intervention and an increase in SMART responses. Pupils with significant behaviour related incidents will be tracked termly, to include time, place, possible triggers. Information to be fed back to teaching teams in order to identify any possible interventions. Engagement with learning activities and readiness to learn increasing identified through case studies and individual progress improvement in core subjects where appropriate. 					
В	Pupils will take part in a range of enrichment activities throughout the school day.	Report on range of enrichment activities on offer in school daily and record of pupils taking part.					
С	Pupils with communication needs receive a total communication approach including PEC's, Makaton signing and communication aids. Social Communication groups to be ran across the Key Stages.	Pupil PLIM's, EHC review of individual outcomes, communication aids identified and evident in learning environment and on planning. Individual progress with SLC and within literacy; speaking and/or listening strand.					
D	To increase and monitor attendance levels.	Attendance to improve in line with country and county expectations of pupils with similar needs and abilities. National Average (Autumn 2017/Spring 2018) – 89.7%					

Planned expenditure

Action	Intended outcome	What's the evidence and rationale for this choice?	How will you make sure it's implemented well?	Cost	When will you review this?		

Ensure pupils with SLCN have access to a range of total communication strategies, including PECS, signing and communication aids.	Pupils with SLCN use a range of strategies to aid and develop their communication. Further develop the use of signing across the whole school. Ensure there is uniformity and consistency with the use of symbols and visual structure across the school. Investigate and invest in SLC programmes such as Sally, Socially Speaking, Think Time, Friends, Talk about, I Can, Blast	Recent increase in pupil numbers including those with SLCN. Identified a need to use more electronic aids i.e. IPADS. New staff cohort – signing training required. Symbols being used vary across the school. Visual structure not used consistently across the school. <i>The SCERTS® Model is a research-based educational approach and multidisciplinary framework that directly addresses the core challenges faced by children and persons with ASD and related disabilities, and their families. SCERTS® focuses on building competence in Social Communication, Emotional Regulation and Transactional Support as the highest priorities that must be addressed in any program, and is applicable for individuals with a wide range of abilities and ages across home, school and community settings.</i>	Observations of staff and individual pupils Staff training Peer support Specialist Curriculum Officer to support in making of symbols / visual structure Use of SCERTS approach to assess progress and highlight needs. Pupil progress	£2,232 staff training	January 2020 CASPA DATA: Speaking – 84% PP pupils making better or expected progress Listening – 90% PP pupils making better or expected progress No end of year data due to COVID 19 SCERTS –use of SCERTS targeted approach throughout the semi-formal team. See individual students SCERTS action plans and progress towards MAPP outcomes.

Continue to improve pupil attendance	Attendance will improve in line with country comparisons. Persistent absentees will be identified and appropriate support put in place to address.	The attendance team had a positive impact last year and early help meant a reduction in persistent absentees. Last year our Pupil Premium pupil's attendance went up from 88% after Autumn1 to 90.27% by the end of the academic year.	Assistant Head teacher to oversee the attendance team.	£1,320 Admin & Ass Head hours	Reviewed half termly Feb 2020 – 88.6% Last year our Pupil Premium pupil's attendance went up from 89.4 % after Autumn1 to 89.96% by the end of the academic year. Attendance data available
Pupils to have opportunity to access off site educational activities. Enrichment activities will include swimming, horse riding and rock climbing. Pupils will have the ability to use learnt skills to problem solve in a meaningful way and develop independence.	Pupils to have access to regular out of school activities including shops, cafes, museums and other local facilities using the mini bus and pool car.	Education Endowment Foundation (EEF) - Sports participation interventions engage pupils in sports as a means to increasing educational engagement and attainment. Sometimes sporting activity is used as a means to encourage young people to engage in additional learning activities, such as football training at a local football club combined with study skills, ICT, literacy, or mathematics lessons. Adventure education usually involves <u>collaborative learning</u> <u>experiences</u> with a high level of physical (and often emotional) challenge. Practical problem-solving, explicit reflection and discussion of thinking and emotion (see also <u>Metacognition and self- regulation</u>) may also be involved	Record of activities logged alongside attendance by pupils to gain a clear understanding of opportunities and access. Teacher planning documents to include how the enrichment activity has been developed back in the classroom and skills being transferred by pupils.	£2,755 HLTA / ATA/GTA hours (across the school) required to allow for off- site opportunities and appropriate adult supervision. Costs associated with enrichment opportunities and associated transport.	See Educational offsite half termly planning overview

					Total budgeted cost:	6,307
Targeted support						
Action	Intended outcome	What's the evidence and rationale for this choice?	How will you make sure it's implemented well?	Cost	When will you review	v this?
Develop pupil's ability to self- manage emotions and behaviours which may have a negative impact their learning and on others.	Continue to develop our 'team around the child/young person' approach. Pastoral Lead / Specialist Support Officer / Behaviour Lead and LT to continue to provide support for teaching teams, 'solution circles' to strategise. Pastoral & Behaviour Lead to allocate time each week for interventions, incl autism awareness, bereavement and behaviour management (bespoke packages).	Education Endowment Foundation (EEF) Interventions which target social and emotional learning (SEL) seek to improve pupils' interaction with others and self-management of emotions, rather than focusing directly on the academic or cognitive elements of learning. SEL interventions might focus on the ways in which students work with (and alongside) their peers, teachers, family or community. Student progress through the use of THRIVE.	Monitor NAPPI report – number of incidents / profiling. Monitor Positive Behavior Scales Monitor intervention timetables	£21,586 Behaviour Lead hours Pastoral Lead hours. To maintain the Specialist Curriculum Support Officer role which offers support to teaching teams with regards specialist resources / approaches.	Continue to support staff with specialist approaches when needed.	TEACCH – support with resourcing strategies for pupils with ASC.	Increase in use of social scripts/ comic strips/ symbols/ visual aids 'Autism friendly' classrooms use of Autism Education Trust audit and action plan Staff feel supported –see staff questionnaire	£18,475 Specialist Curriculum Officer hours	Ongoing – see examples of support given See Autism Education Trust audit and action plan
---	---	--	--	--	---

To maintain the Parent Support Advisor role which offers support to parents in need.	Link for hard to reach families, to work with families to increase engagement and help overcome barriers to pupil achievement. Parent groups to allow for mutual support network, to be facilitated by the PSO. All children and families are safeguarded and receive the support required. To provide targeted support for pupils to ensure barriers to learning are reduced.	 High proportion of pupils whom deprivation could negatively impact on their progress. Extended Parent Evenings to include time to share and discuss PLIMS Since Sept 2018 Parent Workshops have been set up covering a range of topics including Behaviour Management, Sensory, Autism/strategies, external agencies and Early Help Signposting. On average over the course of 2018-19 up to 10 parents attended the meetings / workshops. Up to 7 of these are parents of PP pupils. Our Parent Support advisor has supported and 'signposted' up to 15 families whose child / young person is in receipt of pupil premium. Our parent support advisor is a point of support for a number of vulnerable families and has built up trusting relationships with difficult to reach families, signposting and also supporting directly. Building up strong relationships with external agencies, ensuring effective multi agency working around the child. 	Parent Support Advisor to keep a record of families who receive support and associated impact of this on pupil progress. Continual set up of Parent Group speakers. Use of space to run a Healthy Choices programme by NYCC. Safeguarding records will ensure families gain support required in a timely manner.	£15,258 – Parent Support Advisor role	Continued program of information sharing and visiting professionals for the parent group and a plan moving forward. Parent Support Advisor has continued to support our most vulnerable families, working alongside Learning Disability Service and Early Help ensuring appropriate support is provided. PSA has supported families to receive short breaks funding to enable the families to provide an enriched learning/sensory environment at home or in the local environment. Safeguarding records have been timely completed and follow ups to outside agencies to enable families to receive the support when required.
--	--	---	---	---	--

		Works as part of the safeguarding team to ensure all procedures are followed in a timely way and ensure all concerns are passed on and all agencies are kept up to date. Has made close links with early help team. Provides bereavement and Looked after support to pupils.				
					Total budgeted cost:	55,319

Targeted support							
Action	Intended outcome	Impact	Lessons learned	Cost			

Parent Support Advisor role to be established. Establish a parent group. Develop parent workshops around specific needs / issues. Investment in a Specialist Carers Advisor.	Continue to enhance links with parents. To enhance the opportunities for school leavers. Develop the provision for pupils identified with SEMH.	 Parent meetings / workshops have been well attended and covered a range of themes. See Parent groups schedule / evaluations See Parent responses to questionnaire 	Parent training / workshops have been well received by parents and will continue next year. 9 parents meetings / workshops which were set up last year were well received by parents. Target more parents – look at need, venue, and timings? Parent groups booked in Autumn Term 2019 – Healthy Choices Solicitors	£35,777.46
Establish 'The Nest' a nurture base, primarily for the support of pupils identified with SEMH. Embed 'The Thrive' approach throughput the school. Maintain 'Healthy Living' club which promotes healthy eating and exercise for key pupils. Ongoing investment in Music	Enhance the healthy eating curriculum and the opportunities for pupils to become healthier in their choices – diet and exercise. See Individual SCERTS targets	Two pupils who were full time in 'The Nest' are now accessing more time in the main classroom. Two members of staff trained as THRIVE Practitioners. Whole school THRIVE training completed. Positive behaviour management strategies used using 'THRIVE' approach – see Behaviour data.	Learning Disability Team School Nurse Early Help	
Therapy. Ongoing investment in a Pastoral Support Manager Sensory Lead to identify pupils who require a more personalised sensory programme.	Pupils with significant sensory difficulties to have individualised sensory programmes	See Music Therapy reports Pupils have made progress in SCERTS / MAPP communication targets. – see individual assessments See sensory programmes for individual pupils. Equipment purchased to enable the running of these programmes.	Pupils will be taking part in Food Technology lessons and regular physical activities both on and off site, including Rock Climbing, Swimming and the Gym. Music Therapy has been secured until end of the term and then will be looked at to see if can fund going forward. Impact continues to be measured using SCERTS targets with video evidence from each session.

To ensure a robust 'on call' system is in place to provide support for pupils and staff. Continue to invest in a Behaviour Lead and the linking of the Pastoral and Behaviour Lead to facilitate 'solution circles'.	Ensure a 'team around the child' approach for pupils who have complex needs. Ensure all pupils and staff are kept safe during a serious incident. Deliver bespoke training to all staff regarding challenging behaviour and strategies used.	From a review of data it is possible to identify both whole school trends and be proactive in the identification of key pupil behaviour. Key findings are published termly.	Continue to invest in Behaviour Lead and Pastoral Lead. Both will continue to work closely together, providing support to pupils with complex needs and ensuring 'team around the child' approach for SEMH pupils.	£1,478.92							
To establish and sustain an active School Council in the Academy.		School council was active meeting half termly and taking actions forward.	Specialist Curriculum Officer and Staff Governor to lead on this year.
